School's Strategy

The school employs a number of strategies in order to maximise learning opportunities and reduce risks associated with the Internet. These strategies are as follows:

General

- Internet sessions will always be supervised by a teacher/supervisor.
- Content filtering is provided centrally as a service of The Schools' Broadband Network (Department of Education) in order to minimise the risk of exposure to inappropriate material. This blocks illegal and harmful sites, pornography, hate sites and racist sites.
- The school will monitor pupils' Internet usage.
- Teachers will make pupils aware of Internet Safety

- Pupils in 4th and 6th classes, teachers and parents will be provided with talks/workshops in the area of Internet safety on a yearly basis.
- Uploading and downloading of non-approved software will not be permitted.

- Pupils are not permitted to have a mobile phone or other social media devices during school time or while on the school/grounds. Should a pupil need a phone after school, an explanatory note from the child's parent must be given to the class teacher, the phone must be handed to the teacher for safe keeping in the teacher's desk at 9am for the duration of the school day. It is the pupil's responsibility to collect the phone from the teacher at the end of the school day. Pupils, who do not hand up their phones as outlined, will have their phone removed and their parents will be asked to collect the phone from the office.
- Pupils will treat others with respect at all times and will not undertake any actions that may bring the school into disrepute.
